Diploma in Mechanical with 80%
2017-2020
Annai College of Polytechnic

PROFILE

As an enthusiastic and evolving Front-end Developer, I am actively seeking opportunities to contribute my skills and creativity to a collaborative development team. I am particularly interested in joining a team where I can leverage my current project experience to craft intuiting and visually appealing user interfaces, while continuously expanding my skill set in the field of Front-end development with a strong foundation in REACT and JAVASCRIPT.

PROJECT
Yummy Restaurent

- I designed and implemented the website for Yummy Restaurant using HTML and CSS. The website features a modern and responsive design, providing a seamless user experience.

- https://vignesh3016.github.io/Yummy-Restaurant/

Calculator

- I designed and implemented the website for Calculator Website using HTML , CSS and JavaScript .

- https://vignesh3016.github.io/calculator/

Weather App

- user-friendly app that lets you check the current weather conditions, humidity, wind speed, latitude, and longitude of any city worldwide. Powered by the OpenWeather API, it provides accurate and up-to-date information to keep you prepared for any weather.
